

Pets Have Teeth, Too!

Prevention of dental disease should be included as part of your pet's overall preventative medicine program, just like vaccinations.

Cavaliers of Puget Sound Club
would like to invite you to attend

When: April 26th 2008 Saturday.

Time: Cavaliers of Puget Sound General meeting will begin at 12:00
Dental Lecture will begin at 1:00

Place: King County Bellevue, Lake Hills Library
15228 Lake Hills Blvd. Bellevue, WA 98007
Ph: 425/747-3350

(Lecture to be given by Dr Craig Ritchie DVM from Companion
Animal Hospital of Bellevue)

Why Pet Dental Health Is So Important?

Imagine what would happen if you didn't brush your teeth regularly. The same applies to your pet's teeth. Regular dental care is as important for your pet as it is for you.

COPS Program Committee looks forward in seeing everyone attend these programs
Thanks, Sharon Macy, Anita Nute, Rhoda Macy, Ann Diles and Marian Oxenham
